Q2 Type of Research? **Quality Improvement
Activities/Research**

Q3 Please describe your research interests:

The majority of my research deals with management of pediatric trauma patients and improving their care both at St. Christopher's Hospital for Children and outside referring hospitals

Medical Student Research Opportunities

Q4 Please provide a brief description of research opportunity/project(s):

1) Title of project(s):

Assessment of Adherence to Imaging Guidelines at Referring Institutions

Brief Description:

We are looking at referring hospital use of imaging (CT and Xray) in pediatric patients to see how often excess imaging is order (exposing children to unnecessary radiation). The goal is to identify areas for improvement to reduce excess imaging, educate the referring hospital providers, and re-assess for improvement in adherence to guidelines.
