

## **Influenza Vaccination for Medical Students Drexel University College of Medicine**

### **DUCOM Influenza Vaccination Policy**

**All medical students are required to be vaccinated yearly with the seasonal influenza vaccine.** Documentation of vaccination must be submitted to the Office of Immunization and Surveillance by **October 15, 2020** (Some clinical sites may have an earlier deadline). Failure to complete this requirement will result in the suspension of any Queen Lane on-campus or clinical rotation attendance.

If there is a medical contraindication to influenza vaccination, documentation including the specific contraindication to vaccination is required from the student's health care provider to the Office of Immunization and Surveillance.

### **Vaccination Options:**

- 1. DUCOM Influenza Vaccination Clinic:** DUCOM will be offering several seasonal influenza vaccination clinic for medical students at the Queen Lane Campus. Medical students will be offered influenza vaccination at these clinics *free of charge*. Vaccinations will be given *by appointment only* during these clinics. Please watch for email notification from the Office of Student Affairs to register and schedule an appointment at the clinic appointment.

#### **Medical Student Influenza Vaccination Clinic**

*Queen Lane Campus  
Front Lawn*

**Monday, September 28th, 8:00am-1:00pm**

**Tuesday, September 29th, 8:00am-1:00pm**

**Thursday, October 1st, 1:00-8:00pm\***

\*1:00-4:00pm will occur on the Front Lawn, and 4:00-8:00pm will occur inside Suite 104  
(Student Lounge)

**Saturday, October 3rd, 10:00am-2:00pm**

- 2.** Some of our clinical affiliates will also offer seasonal influenza vaccine to students who are rotating at their sites, though this may be associated with a charge. Please check with the individual site where you are rotating.
- 3.** Alternatively, you can be vaccinated through your own health care provider or through a local pharmacy. Most insurance companies cover the cost of vaccination, though you may have a co-pay.
- 4. Regardless of where you obtain your seasonal influenza vaccination, you must obtain documentation of vaccination.** Please keep a copy and be prepared to take it with you on all rotations as you may be asked for documentation of vaccination on the first day of your rotation. **You must also submit a copy of this documentation to the Immunization and Surveillance Office at Queen Lane (IMMSURV@drexel.edu).** **Note:** If you are vaccinated at the Queen Lane vaccination clinic, documentation will be submitted to the Immunization and Surveillance Office by the administrators at the vaccination clinic.

***\*Regardless of which vaccination option you utilize, it is your responsibility to get your influenza***

*vaccination by October 15, 2020.*

### **General Recommendations during Influenza Season**

**1. Stay home if you develop symptoms consistent with an influenza-like illness:**

Influenza symptoms: Fever (100 °F or greater) and respiratory symptoms (cough and/or sore throat) in the absence of a KNOWN cause other than influenza.

2. If you become ill during the day with fever and respiratory symptoms, you should notify your team and go home promptly.
3. If you are ill with an influenza-like illness, you should self-isolate from others in your apartment or home for at least 24 hours after your fever is gone, except to get medical care or other necessities.
4. Hand hygiene: Wash your hands often with soap and water, especially after coughing or sneezing. Alcohol-based hand cleaners are also effective.
5. Respiratory Etiquette: Cover the nose and mouth with a tissue when sneezing. Throw the tissue in the trash after use.
6. Avoid touching your eyes, nose or mouth. Germs spread this way.

### **Action plan for a student who is sick with influenza-like illness:**

1. Students who develop an influenza-like illness and need to be excused from a clinical rotation or a mandatory 1<sup>st</sup> or 2<sup>nd</sup> year educational activity must submit excusal requests *in advance* of the session/rotation start time, utilizing the required absence request processes as outlined in the Attendance section of the Medical Student Handbook, i.e. completion of DUCOMpass App “Urgent” Absence Request Form (except in setting of acute circumstances requiring *exam* excusal when students are expected to call the Student Affairs Emergency Hotline at 215-991-8184).
  - a. When a pre-clerkship student requests an urgent absence through the DUCOMpass App, it is the student’s professional responsibility to inform, via email, the relevant group members, and faculty facilitator(s) of the absence prior to the start of the session. Students *are not obligated* to disclose the reason for the absence to these individuals.
  - b. When a clinical student requests an urgent absence, it is the student’s professional responsibility to inform, via email, the relevant clinical team resident(s) and attending physician of the absence. Students *are not obligated* to disclose the reason for the absence to these individuals.
2. Going to a patient-care rotation with symptoms of influenza-like illness is considered unprofessional – you are putting patients at risk.
3. If you are unsure of whether or not you have an influenza-like illness and need to miss school, you should contact a Student Affairs Dean using the Student Affairs Emergency Hotline so that we can assist you in making this determination.
4. In addition, you may want to seek assistance from your medical provider. If you have severe illness or are in a group at high risk for complications (pregnancy, immunosuppression, or chronic pulmonary, cardiovascular, hepatic, hematological, neurologic, neuromuscular, or metabolic disorders) you *should* contact your medical provider or seek medical care.
5. When to return to school: You should stay home for at least 24 hours after your fever is gone.
6. Determine required make-up: See student handbook. Students are required to contact course, clerkship and site directors to determine how required coursework or missed time will be made up.

**If you have questions, call the Office of Student Affairs and Career Advising at 215-991-8221 or after-hours on the Student Affairs Hotline at 215-991-8184.**
